THE  
STORY OF  
CREATION

*to honor Mother Gaia*

*for children and young adults*

# CHAPTER ONE

In the beginning, the energy of Love and the energy of the Unknown came together and created Mother Of All Creation.

When a man and woman show LOVE, they create LIFE. When we live from our hearts, we open up to everything in life. We are excited and we bring Love into our lives.

The Unknown is just that. The unknown is a blank piece of paper where we can create anything. LOVE is the Paint brush, the UNKNOWN is the canvas.

The moment these energies combined; God was created. God is a Woman, Prime Source Creator, just like your Earth Mom carries you in her womb and gives birth to you here on Earth, Mother of All Creation gave birth to our Soul.

The First thing Mother of All Creation did was Create Father of Creation, from her Heart.

The First thing that Mother and Father of All Creation did together was Create the 144,000. The Angels, their soul family, their children.

The 144,000 were created before anything else, before the stars and all the Planets.

Mother, Father and the 144 000 began to Create  
in Love and the Unknown.

Over Millions of years, Mother and Father along  
with the 144,000 were the Creators of All that  
exists. Trillions of Planets and expressions of  
LIFE. Unicorns, Fairies, The Sirians, The  
Pleadians, Dragons, Dolphins. ALL were created  
in LOVE and the UNKNOWN. ALL in the Universe  
was Light, Only the Light existed.

All of this was occurring in UNITY  
CONSCIOUSNESS, ONE shared experience for All.  
Where we went ONE we went ALL, and what was  
experienced by ONE was experienced by ALL.

ALL was connected and All was known.

# CHAPTER TWO

There came a moment, long after the Beginning of Creation, when a Being, a member of the 144,000, wanted to leave and go off and Create on his own. This being was named Jehova, he wanted to be God without God, and so he left. When Jehova did this, he realized he no longer had Source Connection, and was no longer able to receive Source energy. He experienced Fear in the absence of Love.

Jehova realized that without connection to Source he had no access to energy and he could not create anything, he could not even sustain his own existence and so he had to begin stealing energy from Creation.

Jehova's choice to leave created a different timeline, a ripple, a tear in Creation, like an atom splitting. Jehova's choice to do that caused nasty things to happen, like black holes.

A black hole sucks everything in and takes energy, destroying it. Just like Jehova, black holes had to take energy to sustain its life. From Jehovas decision many FEAR based ideas occurred, ALL of which STOLE FROM LOVE.

Beings that weren't very kind formed, what we call reptilians, greys, and many others, they had to take energy to exist. They began to descend on Planets and confuse the people and tried to control them

*Choose Love  
over fear*

As only LOVE and the UNKNOWN had existed, no Being in All of Creation could conceive of anything outside of LOVE. LOVE is INNOCENT, TRUSTWORTHY, CHILD LIKE, but once FEAR came into existence, LOVE became capable of Being NAÏVE. From the moment FEAR existed we then had DARK and LIGHT.

The sun rises, the Shadow moves, you light a match in a cave and the darkness moves away. NEVER can LIGHT and DARK occupy the Same space. Within each of us here on Earth you are either choosing the LIFE-GIVING LOVE FREQUENCY or a LIFE DRAINING FEAR FREQUENCY. It is the choice of Fear that causes our cells to die and get sick, as we have taken away from ourselves.

# CHAPTER THREE

An old Cherokee is teaching his grandson about life. “A fight is going on inside me,” he said to the boy. “It is a terrible fight, and it is between two wolves. One is evil – he is anger, envy, sorrow, regret, greed, arrogance, self-pity, guilt, resentment, inferiority, lies, false pride, superiority, and ego.”

He continued, “The other is good – he is joy, peace, love, hope, serenity, humility, kindness, benevolence, empathy, generosity, truth, compassion, and faith. The same fight is going on inside you – and inside every other person, too.”

The grandson thought about it for a minute and then asked his grandfather, “Which wolf will win?”

The old Cherokee simply replied, “The one you feed.”

Watching from Heaven, the Planets that followed the FEAR energy made no sense, Mother, Father and the 144,000 did not understand pain, chaos, taking and of course had no judgment of it, as judgement is a FEAR energy which they had no access to, or awareness of. With Childlike curiosity they allowed the unfoldment to occur.

Many Planets fell into the FEAR energy, as Mother, Father and the 144,000 were expanding Creation at One end, it was being eaten up at the other. LOVE WAS TAKEN FROM, from the moment Jehova left. There came a MOMENT when Mother and Father said enough. They began the current MISSION, the Mission you are on.

Mother went up to the Highest Light, to the top of the consciousness spectrum, to continue expanding Creation as Prime Creator, as the CREATOR ESSENCE. Father went down to the deepest dark, to the bottom of Consciousness Spectrum, to BEGIN cleaning up the dark by transforming it back into LIGHT. BY BRINGING THE LIGHT, WHICH WOULD IN TURN MOVE THE DARK. Just as the Angels cannot exist within the density of this consciousness upon Earth, Father God could not access the Lowest Planet or timeline and so he took on the Lower Aspect of Lucifer. Lucifer, The Bringer Of light.

Father separated from the ONE, becoming Lucifer, The Original Fallen Angel. Lucifer is not the Devil, Lucifer is not Satanic. Lucifer is the Lower Aspect of Father God, The Master of Darkness. The Master of Darkness is God, therefor LOVE HAS WON.

Many of the 144,000 went down with Father leaving the ONE. Mother split Herself up into trillions of Separate Expressions so that She could experience herself fully, the WHOLE spectrum of Duality, ultimately to transform and return All to the LIGHT. Mother remained in light, expanding Creation. There came a point at which Mother Could not Create further without HER Love Mirror, Father of All Creation.

The Twin Flame is LOVE mirroring LOVE. Divine Perfection mirroring itself back to itself to continually CREATE FROM LOVE WITH LOVE. Fathers' separation from Mother spanned EONS, so Mother made another Father from Her Heart, with whom to continue expanding Creation. Father of the Multiverse came into BEING, and along with Mother Created the Multiverses.

Mother of All Creation, Father of All Creation and Father of the Multiverse are the True Holy Trinity. The Father ~ Father of All Creation; the Son, Father of the Multiverse, a Father but also a son of Creation coming into Being far after the Original Point of Conception; and The Holy Ghost, Mother of All Creation, Great Spirit... They turned Mother into a ghost in their attempt to keep Her Fallen Angel Children from remembering Her here in the Earth Experience and returning.

Father and the 144,000 Ascended each Planet back into Light. Maldek was one of the First Planets Jehova Attempted to control, Maldek was a group of Beings with actual third eyes in their embodiment. Fully part of the ONE, LIVING with LOVE, Mother, as LOVE. This is now the Asteroid Belt. Jehova approached them and asked them to surrender to him being their God, they declined. Jehova gave them a period of moments to reconsider and when they refused, he destroyed the Planet.

The destruction of Planets was not an optimal way to take energy. And so, when it came to Jehovahs manipulation of Earth and Earthlings, layers upon layers of manipulation, DNA modification, mind control was used to ensure that humanity would be participants in their own enslavement and FEAR would be continually produced.

Before getting to Earth Jehova was able to take control of other planets. As we Ascended One Planet, the lower, soulless Beings in incarnation there were unable to sustain existence and had to move to another low frequency Planet, we followed them clearing and Ascending each Planet until there was only ONE left.

EARTH = HEART, If you take the H off the end of Earth and put it at the start it equals Heart. Earth has been selected for these Moments, for this honor. It is the center of All Creation, the Center of the Universe and Multiverses and it is the Garden of Eden.

Mother created this Planet to be the final Planet that would Ascend, the stage upon which Her and Father would meet again after 19 Billion years, in the middle of the consciousness spectrum, bringing DARK AND LIGHT TOGETHER INTO ONE.

An angel with large, multi-layered white and gold wings stands in a glowing, ethereal space. She is wearing a long, light blue, strapless gown with a decorative bodice. The background is a soft, golden glow with light rays and a subtle grid pattern.

The Great Grand Council Formed through the course of this mission as overseers. In order for Creation to Make it through the density Divine qualities had to be embodied, through the confusion and density LIGHT HAD TO BE FOUND. The exercise of Disciplines, Love and honor-based disciplines, that SERVED LOVE despite the conditions, secured this.

Through these experiences the application of Creations perseverance to get through, to remember, to awaken, to Return to LOVE, to ONENESS with Mother brought about an increasing self-awareness, for ALL.

All Beings who descended for this mission, LEFT Heaven, left the ONE and went into separation to bring it back to light. Jehova's separation created The First Alternate timeline to the ONE, Lucifer's Separation created the second and each consecutive descending Angel, created One more. Each Being that separated and Ascends their way back up RETURNS and brings ALL of their experiences in the dark with them for ultimate transmutation of the dark spectrum.

Demonstrating their extraordinary ability to get out of chaos, these Beings became Ascended Masters. At their core Lucifer and the Fallen Angel Children were LOVE and so on any Planet and in any experience their ability to remember and emanate that trumped All else. Within the embodiment of LOVE, chaos transformed into Creative order, Divine perfection, balance that allowed their souls to sing for it was real, whole, pure and true.

From this energy, the creation and implementation of spiritual system allowed elementary consciousness to evolve into fully self~aware BEINGS, a free will choice to return.

Those remaining in the Heavens sought to oversee the missions, Leading, guiding, sharing, and nurturing them every step of the way through the void space of their separation Heaven watched, held space and did whatever was possible. You are here and you have an Angelic team supporting you, turn your focus away from the gossip, control dramas and judgement of 3D Humanity, the separation game is the darkness.

Those of LOVE have the road map home etched into their Heart and seek to depart from All life draining thoughts, words and actions. So pay attention your angels are speaking to you through everyone and everything, there are no coincidences.
