THE STORY OF CREATION, EARTH = HEART

and the 144 000

to honor Mother Gaia

THE STORY OF CREATION

In the beginning, only the energies of Love and the Unknown existed. From this, Mother of All Creation birthed herself, as Source. She was the first self-aware consciousness in existence and birthed the rest of Creation through her heart. Mother then created a love mirror, a masculine counterpart that she could create with. This love mirror was Father of All Creation.

The story of Adam and Eve flipped this truth, and said that Adam created Eve. The feminine essence, Mother, creates and births life. The masculine essence, Father, is the support and manifestor of Mother's creator power.

Mother and Father then birthed the 144,000 original souls: pairs of twin flames made up of feminine and masculine counterparts. The original 144,000 are the first created fractal of Source. They are the Archangels, the Ascended Masters, and the oldest children of Creation.

19 billion years ago, one of the Archangels of the 144,000, Jehovah, decided to separate from the rest of Creation, he was the first fallen angel and wanted to be god without God.

This original separation caused a rift within Creation, a fracture within the Oneness that Mother and Father had created. Once a soul separates from Source, unity consciousness, they no longer have the ability to create from love, they can only create through destruction which is the opposite of creation.

Jehovah went on to create lower entity races and to dominate other planets and multi-verses through cosmic wars and destruction. This led to dark races such as the Annunaki, Reptilians, Zedas, Greys, etc. They began creating lower realms of darkness, taking over planets and parts of creation while enslaving divine beings.

Mother and Father came up with a plan. A plan of brilliance and divine intelligence to once again reunite all of Creation back into Light and Oneness. Father of All Creation took on the contract of going down into the darkness. He descended into the lower realms and began mastering the darkness. In essence, Father had to become the lower version of himself in order to master these realms. His lower essence became known as Lucifer, which actually means Light Bringer. He brought light into the darkness.

As Father took command of the dark and began mastering the lower realms by transforming the lower energies back into Light, Mother continued in the higher realms of Creation. She created a second masculine counterpart to continue Creation with. She created Father of the Multiverse.

The Bible often refers to the Holy Trinity: The Father, the Son & the Holy Spirit. The missing piece of the Holy Trinity is Mother. Mother is the Holy Spirit, Source. Mother, Father, and Father of the Multiverse make up the Holy Trinity of Creation.

Mother, Father, and the 144,000 continued to ascend many planets out of darkness and the cosmic wars continued until they were to reach the final battle ground, which is Earth. Earth was saved as the final battleground between Dark and Light, as Earth is the Heart of the Universe and was created as the ultimate Garden of Eden of the cosmos. Mother knew that Earth would be the last planet to be surrendered, as it is the jewel.

THE STORY OF EARTH=HEART

Earth=Heart was created as the Heart of the Universe. It was the most unique planet and very sought after by the Dark. Earth lies at the Center of the Universe and has many portals and cosmic highways around it. This made it convenient for travel.

Earth was also unique in that it had both an Inner Earth and surface Earth. Most planets were occupied only on the inner plane, not on the surface. Earth was a playground for souls to have a physical experience and create in physicality. This was the original Garden of Eden.

27,000 years ago, Earth was a 5th dimensional planet. Two civilizations were present on the planet: Atlantis & Lemuria. Atlantis was a 4D civilization. They were working their way up the spectrum of consciousness but still had not reached the 5th dimensional frequency.

They were masters of energy and held many ancient codes, technology and knowledge. Atlantis was located near Florida and the Bermuda Triangle.

Lemuria was a 5th dimensional civilization, and Mother was the Queen of Lemeria: Sophia Gaia. Lemuria was filled with light cities and crystal technology. Lemuria was located near the region of Hawaii, which now holds the last remaining Lemurian energy on the planet.

Horus, Mother's Husband in Lemuria, betrayed Mother by giving the Atlanteans access to crystal technology.

However, the Atlanteans could not use the crystal technology because they were not in the heart, and only the heart can access and use 5D technology.

The misuse of this technology ultimately led to the great explosion, in what we would know today as an atomic bomb. This explosion sunk Atlantis and Lemuria to the bottom of the Ocean. Mother had no choice but to ascend quickly and to pull the Unified Field with her, because if the Atlanteans were to get into her Unified Field, they would have blown up the entire Multiverse.

This explosion knocked Earth down in consciousness immediately to a 3rd dimensional frequency. Many remaining Atlanteans and Lemurians were left on the surface of the planet, traumatized and confused as they descended into amnesia.

Many were able to escape the surface into Inner Earth through a portal in Arkansas (hence the story of “Noah’s Ark”).

The remaining surface population had now fallen into a state of amnesia, as 3D is the lowest dimension a soul can exist in physicality. They could no longer remember their true origin, their God selves, or their connection to Source. This created the first wound of separation on Earth. Separation from Source. Earth was officially on a path into a blackhole of destruction.

The Anunnaki (soulless beings) then took advantage of the fallen Earth. They came in ships and descended onto the surface, convincing the now primitive beings that they themselves were gods, and to worship them. The surface population believed the Anunnaki to be gods, and this was later recorded in many historic paintings, drawings and stories of mythology.

The Anunnaki began reproducing with the primitives, creating what we call hybrids or aberrations. They worked with the remaining Atlanteans to create what were referred to as “the Atlantean experiment” on the humans.

THE EGO PROGRAM MIND

Here on Earth, Mother and Father had created the Dream Machine. Each Being has a portal at the base of their brain which connects into the Dream Machine. Its intended use was to allow humanity to have a direct portal to the Divine Inspiration from Source, to be able to bring dreams of love into reality.

Mother had been emanating Divine Consciousness throughout Earth via the Dream Machine, the Dream Machine acted as a physical emanation and representation of Mother's heart allowing all dreams of love to be transferred and experienced in physical manifestation. The Dream Machine is the God Spark, the emanation of the Original Blueprint and the lower forms on the Planet misused it, placing thoughts of illusion and fantasy and fear into it and in turn effected the consciousness of humanity, creating a dream.

The Anunnaki hijacked the Dream Machine and implanted the first fearful thought into the collective consciousness of humanity-that we were separate from Source. This fearful thought began morphing into what eventually would be the EGO programmed mind.

EGO=Edging God Out.

What this program did to Humanity, is it disconnected the fuses of the right brain and left brain, causing distortion, imbalance, and illusion. This was done so that the controllers could control Humanity. Through the disconnection that occurred, Humanity forgot who they were, so it was then easy for the controllers to fill them with all the illusory belief systems and rules, to be manipulated. They trained humanity to serve the darkness, and to become their servants in the darkness.

The Right Side of the Brain is the “wholistic” part, because it’s the higher connection to the higher thoughts. Higher thoughts are unlimited and where all possibilities exist. The left side of the brain is the intellectual aspect.

The left side of the Brain, when out of sync with the right, connects into the primitive mind or to the illusion and attachment to the external. All outside attachments are an illusion. Through the silent evolution, the Big Shift, and through the activation of The Divine Plan that is unfolding, the right Brain and the left brain is returning to its original form and is being “fused together” to create the complete awakening into full consciousness.

This fusion that is taking place is an unstoppable event,
FOR ALL HUMAN BEINGS ON PLANET EARTH.
Our advice is to allow, embrace, and let go of all belief
systems, all illusions, and everything Humanity has ever
been taught or told. Currently those that are resisting,
are only hiding their light behind fear.

How the programmed ego mind operates is that it
gathers or collects all the experiences of the past, to
continue the experience of the lower dimensions or
lower thoughts of unconsciousness. This is where
humanity has fallen into. Its function is to keep you
held down, or “dumbed down”, so that it can continue
its survival. We say, “Let Go of your anchor”.

The EGO mind is a collection of traumas, wounds, and
belief systems that pass down from generation to
generation through programming. This programming
became so advanced, it began to implant into the DNA,
causing further distortions. All dysfunction on the
planet is caused by the EGO mind. The mind can only
replicate from what it already knows, which is
destruction. The mind is disconnected from the Heart,
which is where one can access Source energy-creation.

The EGO mind created “the flip.” Everything here on Earth is the complete opposite to what exists in the rest of Creation and true reality, which is love everywhere present. The biggest flip that was created was changing MotherGod to FatherGod. Although Father of Creation is Mother’s twin flame, She is Prime Source Creator and she created Father as her love mirror. The Adam and Even story was flipped to take away all the support from Mother and the divine feminine. Changing Jesus from the truth of being a feminine to a story of Jesus being masculine was also a huge flip, as Mother was in fact Jesus in that lifetime.

If you take everything from 3D and flip it to the opposite, that is what true reality is. The EGO doesn't know anything else besides the flip. Those in EGO cannot identify that they are in the flip, or how to switch it. This was how the controllers were able to blind humanity from the truth. This caused the spiral downward deep into the flip. The EGO does everything that is the exact opposite of love, taking from God rather than giving. Even subconsciously the EGO will try every way to stop the creation of love.

The EGO perceives everything the way it views itself; the EGO can ONLY see its own projections. When the EGO sees the Mother and others who embody pure love and divine embodiment, it can only see what it sees in itself, which is hatred, lack of integrity, entitlement, etc.

In true reality, one recognizes Mother as everything that love is, because she is the divine love mirror.

THE CABAL

Throughout the last 27,000 years, the Anunnaki has “passed the torch” to other low-level entities to continue the enslavement of planet Earth. They had to keep this planet in fear-based frequencies as they themselves cannot sustain in high frequencies=love. Humanity was birthed from Source (besides hybrid souls or aberration souls) therefore they hold the Creator powers. The lower entities cannot create, they can only mimic or manipulate energy.

The Anunnaki later gave way to the Illuminati who were 4D astral beings. They were the reptilians who could manipulate humanity energetically behind the scenes and could also possess vessels. These possessed vessels, hybrids, or humans who had sold their soul to darkness, became known as the Cabal.

The Cabal are the minions incarnated into physicality who were the slaves to the Illuminati and the Anunnaki. During the last 27,000 years, humanity began putting out 911 calls to Mother of All Creation, to save them from the black hole and destruction timeline. Earth had already been placed in quarantine as the destruction on the planet was a high risk to the rest of Creation.

Mother answered the 911 calls, pulled humanity off the blackhole timeline and placed Earth back into the highest timeline.

In 1994, the Anunnaki and Illuminati surrendered to the Light, as they were aware that the destiny of Earth and its ascension would be their demise. They were recycled and re-integrated into the Galactic Federation of Light.

The Cabal, however, refused to surrender. The Cabal were the slave race to the Dark, and therefore they refused to give up the little power they still held on Earth. These are soulless beings who only know darkness. Once their overlords were gone, they had free reign here on Earth as this was the free will experiment.

Since 1994, the Cabal have been on a rogue mission for total domination of the planet and complete enslavement of Humanity. They sought to control through increased fear, control, and manipulation. They sought to create an AI society, with hybrid humans who are part robot. Artificial intelligence is a mimic of Divine Intelligence and therefore the Cabal could continue to manipulate Humanity into creating their own hell on Earth.

The Bilderberg Meeting of 1975 involved many doctors and elites who created a plan to increase the manipulation of humanity through the DNA, poisoning of the brain and immune system, and other vile avenues to keep humanity from awakening.

For thousands of years the Dark Ones have siphoned energy from humanity through many avenues, but the most repulsive is their ritualistic sacrificing and torturing of children. Children are the purest form of consciousness, and thus have the purest source of energy that can be used to sustain the Dark Ones. This story goes deeper, into atrocities that cannot be put into words. The enslavement of Humanity is the darkest story ever told in Creation.

THE GOLDEN AGE OF AQUARIUS

Every approximate 25,000, the Earth changes its axis and thus moves into a different phase of the cosmos. This is known as precession of the Equinoxes. The ancients used this precession to track the Ages such as the Iron Age, Bronze Age, etc.

After the fall of Atlantis and Lemuria, Earth entered the Age of Pisces which corresponded to the Dark Ages. We existed in the darkest part of the galaxy, as light = consciousness. The less light, the less consciousness. The Age of Pisces was all about illusion, separation from Source, secrecy, hierarchy, spells, and dark magic.

On December 21st, 2012, we entered the Age of Aquarius which is the Golden Age. The Mayans predicted this when they were tracking the future progression of time. This is why the Mayan Calendar ended, not because we were destined to perish but because time would cease to exist as we entered the Golden Age of the 5th dimension.

On this date in 2012, humanity was not prepared to make the shift into the Ascension process as originally intended.

However, Mother of All Creation did enter the 5th dimension on that date and rapidly began accelerating through her own ascension process.

Aquarius rules the internet, humanity, working for the greater good, and uniqueness. We live in the age of information now, where truth can easily be found yet lies can just as easily be found. The internet, aka the web of light, was created by Mom to be the physical manifestation of unity consciousness. It connects everyone onto one plane of information and can spread throughout the globe with a click of a button.

This is why censorship is the biggest attack on unity consciousness, by preventing truth from being shared and instead spreading lies through the web of light and poisoning the collective consciousness. This is how the Cabal have attempted to prevent the Great Awakening.

We are now in the full swing of the Age of Aquarius energy as Saturn & Jupiter also moved into Aquarius in 2021. This Age is about enlightenment, service to the greater good, and coming together as one collective-humanity. Aquarius embraces each individual as unique yet still part of the whole.

We have been flying through the photon belt since 2009, and we continue to enter parts of the galaxy that are filling the planet with massive amounts of plasma light. This light is penetrating the consciousness but also our physical vessels. When there is density in the vessel, the light can overwhelm the nervous system causing the vessel to shut down. Taking care of our physical vessels is an essential part of this process as we are taking these bodies with us as we transition from carbon based vessels into Crystal Light bodies.

THE 144 000

The 144 000 are Creator Gods, they are God with God. These are God's Children of Creation. All who are incarnated on the Planet are Creator Gods who agreed to come in and weave a reality that mirrored their vibration. Those who had the Greatest Capacity to weave Love and Light came here, this is the 144,000, the Ascended Masters, the Elohim, The Chohan and Many, Many other Warriors of the Light.

The oldest Soul Family in All of Creation are the 144,000. These beings have the blueprint of LOVE and the UNKOWN etched onto their Heart and the dysfunction on Earth was guaranteed to be enough of a motivation to ensure they kept searching until TRUTH was found. As with ascending other planets, these beings can feel LOVE in their Heart, as evolution and ascension occurs the 144,000 transform chaotic and unorganized matter back into an expression of love, in flow and balance with All of Creation.

THE BRAIN

In order for the Cabal to keep humanity in the programming, they had to dumb us down to the point we would be ignorant yet willing participants in our own enslavement. The Brain was the primary organ targeted.

We use around 10% of our Brains. This is not normal, no animal uses 10% of an organ. We should be using our entire brain, and this is the way in which Humanity has been enslaved and kept in a very basic function based on logic, survival, and lack, entirely omitting the Divinely Intelligent half of the Brain that enables us to have instant manifestation capacity in the Present Moment of Now.

It is important to understand that the Brain is NOT the mind. Brain = Organ, Mind = Lower Consciousness Illusionary Program based in Belief Systems THAT WAS PROGRAMMED INTO HUMANITY FROM BIRTH.

The Brain and Heart connection = Divine Intelligence.

All of Creation is being brought back into Balance, functioning in Divine Intelligence. This is occurring organically, and every Human vessel is being affected, but YOU have to allow these upgrades, you have to dissolve your mind and do your Ascension work through Surrendering the mind and the thought system. Through this work, the Divine Intelligence will reawaken and resume.

If you are not doing this, your body will be in resistance. Illness, pain and suffering will form. Those resisting their Brain/Heart function experience aneurisms, hemorrhages, Alzheimer's, etc. ALL Brain disorders stem from this imbalance and these conditions occur as part of the cleansing of Lower Consciousness, which IS the mind.

The E.G.O programmed mind prevents and blocks our natural state of balanced harmonics. The balance of the Divine Feminine & Masculine (Ying & Yang) and pulls us into dysfunction.

The true way of processing information is from the Heart to the Brain and back again, three times. The Mental E.G.O Programmed mind has disconnected these functions for thousands of years. The information we FEEL gets hi-jacked by the thought system that manipulates the information and causes suffering.

As the true Brain-Heart function comes back online, you will lose duality and no longer view anything through false constructs of right and wrong, this will apply to everything that transpires around you.

When you feel you are right and in a state of righteousness, you are almost always up against another being who feels they are right, how can this be? It can't. This is the separation that plagues Humanity, limits and enslaves them and results in poor brain usage.

As you quiet the mind and begin to dissolve the programming that rules it, the voice of the Divine Spirit's boundless knowing begins coming through, which is your true essence. We are One and you too, are God. The feeling of this energy coursing through you is the experience of Heaven. Doubt, lack of trust and thinking you know better are complete blocks to this function.

To exist in these energies, feeling and connecting **MUST** replace thinking.

All the information and knowing we seek is contained in the etheric space of feeling. Feel into it and then the wisdom bursts through. This occurs in the most magical ways. The mind is designed to do **EVERYTHING** it can to prevent this organic function. Dissolving it is a process that takes complete dedication, consistency, patience, strength and perseverance. Dissolving **ALL** the lower frequency existing within you **IS** the only way to ensure you are in alignment.

All those who do not engage in **RETURNING** to their true essence will experience a mind in overdrive, a reduction in all functioning as they slip further and further under the waves of suffering caused by the mind.

Nature is limitless, it never dies and neither do we. The mind causes **ALL** pain and suffering, as all pain and suffering is an energetic imbalance held within the body.

The body is your guidance system. Any place in the body that you experience heaviness, pressure, pain or discomfort is where you are holding trauma. The nose represents unconditional love blocks. Cats and Dogs vibrate at the frequency of unconditional love and those who have allergies and keep away from cats and dogs are so imbalanced in unconditional love that these animals trigger them.

The same is true of plants, resulting in hay fever. ALL of Nature is living in perfect harmony, in Divine Alignment, anyone triggered by a plant and experiencing any reactions is living out of alignment with Divine Balance. The entire medical system and the creation of disease is a lie. Everything is energy and vibration, and all pharmaceuticals have been weaponized. All vaccinations disturb and prevent the full use of the Brain.

We have been enslaved, controlled and kept within a life and death cycle by lower consciousness beings that have learned how to feed off Humanities energy, because they possess no capacity to connect with Mother God as they were not created by Her.
