The 12 Insights

THE FIRST INSIGHT

A Critical Mass

A new spiritual awakening is occurring in human culture, an awakening brought about by a critical mass of individuals who experience their lives as a spiritual unfolding, a journey in which we are led forward by mysterious coincidences.

THE SECOND INSIGHT

The Longer Now

This awakening represents the creation of a new, more complete worldview, which replaces a five-hundred-year-old preoccupation with secular survival and comfort. While this technological preoccupation was an important step, our awakening to life's coincidences is opening us up to the real purpose of human life on this planet, and the real nature of our universe.

THE THIRD INSIGHT

A Matter of Energy

We now experience that we live not in a material universe, but in a universe of dynamic energy.

Everything extant is a field of sacred energy that we can sense and intuit. Moreover, we humans can project our energy by focusing our attention in the desired direction... where attention goes, energy flows... influencing other energy systems and increasing the pace of coincidences in our lives.

THE FOURTH INSIGHT

The Struggle for Power

Too often humans cut themselves off from the greater source of this energy and so feel weak and insecure. To gain energy we tend to manipulate or force others to give us attention and thus energy. When we successfully dominate others in this way, we feel more powerful, but they are left weakened and often fight back. Competition for scarce, human energy is the cause of all conflict between people.

THE FIFTH INSIGHT

The Message of the Mystics

Insecurity and violence ends when we experience an inner connection with divine energy within, a connection described by mystics of all traditions. A sense of lightness--buoyancy--along with the constant sensation of love are measures of this connection. If these measures are present, the connection is real. If not, it is only pretended.

THE SIXTH INSIGHT

Clearing the Past

The more we stay connected, the more we are acutely aware of those times when we lose connection, usually when we are under stress. In these times, we can see our own particular way of stealing energy from others.

Once our manipulations are brought to personal awareness, our connection becomes more constant and we can discover our own growth path in life, and our spiritual mission - our personal way we can contribute to the world.

THE SEVENTH INSIGHT

Engaging the Flow

Knowing our personal mission further enhances the flow of mysterious coincidences as we are guided toward our destinies. First we have a question; then dreams, daydreams, and intuitions lead us towards the answers, which usually are synchronistically provided by the wisdom of another human being.

THE EIGHTH INSIGHT

The Interpersonal Ethic

We can increase the frequency of guiding coincidences by uplifting every person that comes into our lives. Care must be taken not to lose our inner connection in romantic relationships. Uplifting others is especially effective in groups where each member can feel energy of all the others. With children it is extremely important for their early security and growth. By seeing the beauty in every face, we lift others into their wisest self, and increase the chances of hearing a synchronistic message.

THE NINTH INSIGHT

The Emerging Culture

As we all evolve toward the best completion of our spiritual missions, the technological means of survival will be fully automated as humans focus instead on synchronistic growth. Such growth will move humans into higher energy states, ultimately transforming our bodies into spiritual form and uniting this dimension of existence with the after-life dimension, ending the cycle of birth and death.

THE TENTH INSIGHT

Holding the Vision

The Tenth Insight is the realization that throughout history human beings have been unconsciously struggling to implement this lived spirituality on Earth. Each of us comes here on assignment, and as we pull this understanding into consciousness, we can remember a fuller birth vision of what we wanted to accomplish with our lives.

Further we can remember a common world vision of how we will all work together to create a new spiritual culture. We know that our challenge is to hold this vision with intention and prayer every day.

THE ELEVENTH INSIGHT

Extending Prayer Fields

The Eleventh Insight is the precise method through which we hold the vision. For centuries, religious scriptures, poems, and philosophies have pointed to a latent power of mind within all of us that mysteriously helps to affect what occurs in the future. It has been called faith power, positive thinking, and the power of prayer. We are now taking this power seriously enough to bring a fuller knowledge of it into public awareness. We are finding that this prayer power is a field of intention, which moves out from us and can be extended and strengthened, especially when we connect with others in a common vision. This is the power through which we hold the vision of a spiritual world and build the energy in ourselves and in others to make this vision a reality.

THE TWELFTH INSIGHT

God's Presence within Us

Armed with Divine confidence, we begin to take the next step to self-knowledge. We experience times when a greater sense of Divine begins to dwell within us. This indwelling feels like a sense of God's presence. We still have our personal identity but this status become subservient to a complete consciousness of love, patience, and openness to action. For this presence to remain or get more powerful, we must be totally transcendent of our "Control Dramas," or moments where we do not act on our intuition of other people's best interest. In this sense, Divine presence is always there, unless our bad habits put distance between us.

Simply put, the process is this: when we're not in the flow, we feel disconnected and either anxious or frustrated.

THE TWELFTH INSIGHT

God's Presence within Us

So we distract ourselves with various compulsive activities designed to make our misery go away. It could be anything from over-shopping, compulsively watching sports or celebrities, and actual addictive behavior, from sex to drugs. Everyone knows what his or her vices are, including you, and transcending them keeps you in touch with the magic of Synchronicity.

Feeling God's familiar presence, you will sense the flow of your destiny unfolding (at any age) and move into sincere awareness of the distractions and addictions your ego has always devised to sidetrack yourself.

The presence then becomes non-dual, existing both within and outside of us at the same time.

THE TWELFTH INSIGHT

God's Presence within Us

The presence then becomes non-dual, existing both within and outside of us at the same time. When we are acting in Karmic alignment, it brings us an even greater, intuitive knowledge that animates the truth we tell others. This enlarges us beyond our wildest dreams, providing we always act in harmony and recognition of it.

We must never walk into a room without consciously realizing how Gods presence moves into the room with us, keeps us in a relative zone of near miraculous helping. Furthermore, by getting into alignment with this design, you set the stage for the complete integration of all the insights and for sustained higher consciousness as the levels work together automatically.
