

The background is a highly detailed, symmetrical mandala. At the top center is a figure with a face, possibly a deity or a personification of Mother Gaia, with a crown and flowing robes. From this figure, numerous glowing, ethereal lines of light radiate outwards, creating a starburst effect. These lines are primarily purple and blue, with some white highlights. The entire design is set against a dark, textured background that resembles a starry night sky or a deep space environment. The mandala's outer edges are decorated with intricate, repeating patterns of small, stylized floral or geometric motifs.

A Guide to

THE
INSIGHTS OF
AWAKENING

THE INSIGHTS

All energy must be expressed, either consciously or unconsciously. If your environment, experiences, or life does not reflect joy, abundance, growth, and love, then you are unconsciously creating your reality, versus consciously creating it.

All pain, illness or disease is based on energetics. Every ailment within the body has an energetic root cause, or an emotional root cause. You can heal any ailment if you can recognize and heal the underlying energetic.

Any thought that does not bring you joy or inspiration is based in EGO/lower thought.

What you resist persists, what you look at, you can let go of.

Accept, embrace & allow.

Triggers are treasure. Anything you do not like in another, exists in you.

THE INSIGHTS

If something is not working for you, change it.

If something is working for you, do not change it. Doing the same thing over and over and expecting a different result, is insanity.

We are all God, with God.

Source is feminine, the yin, internal. She exists within us all, she birthed our souls. The masculine is outer, the yang, the structure and direction of feminine energy.

Awareness transforms into consciousness.

Love and the unknown are the only real energies in existence.

Non-attachment is true freedom.

Be the change you wish to see.

The present moment of now is where all possibilities exist.

THE INSIGHTS

Separation is an illusion.

What is real will always remain.

Nothing in existence can be known, only felt.

We don't know shit.

There are no mistakes. Everything is either a lesson or a blessing.

Surrender is key.

Do not lead with words. Lead by example and action.

Trust the process.

When in doubt, ask your angels for 3 synchronicities for confirmation.

Do not take ANYTHING personally. Only the EGO gets offended.
