

## **CRITICAL FOR HIGHER SELF EMBODIMENT - Ceremony for EGO Dissolvement and Divine Trait Embodiment**

**Reheart – Everything is energy, everything is made up of atoms, the atoms which you are made up of are electro magnetic, like frequency attracts like frequency. Fear attracts fear, love attracts love.**

**3D = fear = illusion = ignorance = unconsciousness = density = energy taking frequencies = ego programmed mind = belief systems. The ego programmed mind is a cluster of lower belief systems, thoughts & emotions. The ego programmed mind is the root cause of humanities dysfunction.**

**5D = Love everywhere present = full awakening = full consciousness = vessel of pure unconditional love.**

**Dissolve all ego mind programming's & frequencies, dissolve all belief systems, heal all trauma and wounding. Embody the divine traits and frequencies of love/higher Self. BE love in action in all moments. This is the ascension process.**

Ceremonies are powerful tools of release, transformation, healing and setting intention. The art of ceremonies has a powerful effect on the planet and is our most powerful tool to transmute and heal. We are anchoring in 5D consciousness into physicality. This requires both physical and energetic work. Ceremonies are the perfect tool which integrates both our energetic intentions and physical action. This is true manifestation.

Ceremonies are best done for the following

1. Transforming lower energetics
2. Releasing grief or trauma
3. Anchoring in our higher self
4. Setting intentions for manifestation

**Hand write out the ceremony as follows, with full heart intent read out loud then burn the ceremony.**

Action however many you are feeling to write (recommendation of one + a week).
